GARBICZ FESTIVAL PRESENTS: KURORT

After an incredible ten-year evolution, Garbicz Festival is ready for something new. Renowned for its magical blend of music, nature, and culture, we proudly present the upcoming 2024 edition – "Kurort." The festival will take place from July 31 to August 5, 2024 in Garbicz, Poland, inviting attendees to embark on a journey of pleasure, recreation, and holistic well-being in the heart of nature.

WE ARE GARBICZ FESTIVAL

We are an international celebration of arts, nature, music, community and life set in the lake and forests of Garbicz, Poland. Founded together with the Lake Wielkie, Bachstelzen and the Holzmarkt collective of Berlin, we have evolved into one of the most sophisticated and best known annual festivals in the world.

SERVICES

WELCOME TO LAKE WIELKIE

Set against the forest above Lake Wielkie, the area is a protected heritage site from the Polish government. We are dedicated to preserving and enriching it.

From the enchanting woods and the lush grass to the serene lake, Garbicz Festival is more than just an event; it's a voyage, a treasured playground in a reimagined sense of time.

Kurort, a German and Polish word, is a tribute to grand heritage of the city which was once itself a reputed health resort, sought out for the mystical and healing properties of its ancient lakes and trees. You can feel it in the air when you step in...

NATURE

RESPECT AND CREATE WITH NATURE: A CORE PHILOSOPHY

The festival's goal is simple yet profound: respect and create with nature. The ancient oaks and birch trees, some over 500 years old, guard the fields of Garbicz, witnessing the past and patiently awaiting the future. Their colossal roots spread like veins, symbolizing the strength of diversity and the key to a healthy community.

Garbicz is more than a music festival; it's where hedonism meets altruism. By treating ourselves, others, and nature with respect, attendees indulge in life's purest pleasures: connection, discovery, laughter, creation, contribution, and shared experiences.

LIFE

OUR CORE VALUES

We perceive sustainability not just as an idea, but a living, breathing element of our festival. Our aim is to inspire visitors, artists, and suppliers, educating them about the importance and benefits of sustainable practices. We're determined to minimize negative impacts on our environment without compromising the festival experience.

WE ARE GREEN

HARMONY WITH NATURE

Our festival site is part of the Natura 2000 network, a collection of conservation areas hosting rare and threatened species. We respect this designation and work towards fostering a symbiotic relationship between human activities and nature conservation.

PLANTLIFE AND WILDLIFE

We're committed to protecting endemic plants in the area and preserving the history-laden forest. We recently planted 50-80 birch trees. We are conscious of the diverse bird species, including the Eisvogel and the newfound beaver population in the area.

ECOSYSTEM CONSERVATION

The crystalline lake, a central feature of our festival site, boasts a unique eco-balance of freshwater shells and fish life. We are committed to preserving its water quality and ensuring the continued wellbeing of its aquatic life.

ECO-FRIENDLY INFRASTRUCTURE

We've established an eco-conscious infrastructure including a grid-connected power supply eliminating the need for generators, fresh and wastewater systems, logistics-friendly road networks, and permanent toilet and shower blocks.

LOCAL COMMUNITY

Our festival is not just an event, but an integral part of the local Garbicz community. From employing locals and sourcing local resources to allowing locals to set up businesses on-site, we believe in giving back to our host community.

CAMPING ALTERNATIVE

Opting for our Tent Camp not only offers convenience but also minimizes potential waste from tents, chairs, and plastic. Similarly, by using our Bassliner service, you help us reduce emission levels significantly.
